

The Pacific Autism Family Network is pleased to offer guided tours of our new facility.

The Pacific Autism Family Network (PAFN) is a centre of excellence and a network of support for individuals living with Autism Spectrum Disorder (ASD) and related disorders, and their families across the province. The PAFN's core purpose is to be a Knowledge Centre: bringing together state of the art resources for research, information, learning, assessment, treatment and support; building capacity to address the lifespan needs of individuals and their families. As a Hub and Spoke model, the Richmond Hub (opening November 2016) will act as a collaborative space, connecting service providers and expertise into spoke locations across the province

Tours will be held:

November 17th from 10am-12pm

November 18th from 10am-2pm

November 19th from 1pm-4pm

Sign up for tours on Eventbrite.ca
