Employee Purchase Program

Frequently Asked Questions

How does it work?

The TELUS Employee Purchase Program (EPP) provides discounts on TELUS Mobility plans and devices to employees of select organizations.

How much can employees save?

Employees can take advantage of a discount on the primary line and shareable data on their personal TELUS Mobility account.

How do I qualify for the discounts?

You are eligible to take advantage of the EPP when you begin a new contract term. If you have an existing TELUS Mobility number with 6 months or less remaining on the contract term, and are not renewing your commitment, you may also submit a request to switch to the EPP but must be willing to pay down any device balance to \$0.

Can my family sign-up?

Yes, your family can sign up. All devices must be billed in the employee's name. Please note, the EPP discount will apply only to the primary subscriber on the account and not to the additional lines.

What are the associated fees?

TELUS charges a one-time \$50 fee per number if you are converting your personal TELUS Mobility account to EPP. For any new activation or renewal, a \$35 one-time connection fee will apply, charged directly by TELUS. You can save \$5 by signing-up for pre-authorized bill payments. All fees apply to the first/next TELUS Mobility invoice.

Is my SIM card included?

Yes, a SIM card is included with the purchase of your new device (regular price: \$20).

I'm ready! How do I sign-up?

The easiest way to sign-up is to visit your secure online ordering portal, where you can view the latest devices, promotional pricing, and offers.

1. Visit tomharris.com/employee deals
2. Use promotional code:
3. Verify your employment using company email address on the TELUS Employee Verification System (EVS).
4. You will receive an email with offer codes and a link to "Shop Here" on the Tom Harris secure ordering portal.
5. Shop phones, plans, and promotions on the portal, then enter your billing information during checkout.

Who do I contact for support?

If you have questions or issues with your order, please email:
or call:

We are open Monday-Friday, 9:00am - 5:00pm

Offers and pricing change frequently without notice, no rain cheques for hardware that is "out of stock" or on backorder. Contact a Tom Harris Cellular representative for details. A migration fee may be charged to existing TELUS Mobility customers changing accounts to Corporate EPP. TELUS will charge a \$35 connection fee to the first/next bill following any activation/renewal. TELUS cannot waive the connection fee in any scenarios. 1. Tom Harris Cellular is Canada's Most Recommended TELUS Dealer based on the total number of Google reviews of all locations. 2. Big Data Promo plans available for a limited time. Not stackable with other offers including monthly EPP discount. Data is not shareable with other subscribers on the same account. 3. Device discounts apply to activating or renewing EPP customers with select 2-year plans.
